2. Info.

SUSPENSE: 15 Jan. 1970

AT 3. Action. Per my conversation with [redacted] on Thursday, please take appropriate action regarding State's proposal to publish in an unclassified journal two items of DCI correspondence on Soviet nuclear matters. The 15 Dec. 1947 item is really a very early version of an SNIE.

Please check with interested Agency offices and prepare a letter to State noting the two items of interest to CIA and expressing the Agency's position on the matter.
